

**Dear Friends & Family,
Greetings from Lima, Peru!**

It has been so long since I wrote you the last time. I have been quite busy trying to adjust to the life here in Lima. Even though I am from here, it took me quite a while to get used to being back at home. But now, I am very happy to be at home and be part of YWAM Lima, one of my biggest dreams.

Also, I want to thank you for your faithful financial and prayer support. I really appreciate all your support! It really help me to keep on moving forward to God's calling to be in Lima.

I didn't plan to be back in Lima in this way. But God's plans are so much better than mine. And I am so thankful for that. YWAM Lima is getting there little by little. I know that soon it is going to explode!

Sometimes it is hard because we are starting from zero but at the same time it is great because we are making and writing history.

YWAM Lima Team

Ericka from Peru (Left) Audrey and Suzy (Sitting down) from Brazil, Gladys (stand up) from Spain, Marco from Peru, Edy from Cuba and Anita.

We are a diverse and multicultural team. God has placed different people from different bases and different countries, even different languages to work together in Lima. There is a Brazilian couple, a Spanish couple and a Peruvian couple working in different ministries from the beginning of the last year. And from this year, 2 young girls and I added to the team to work with the youth.

I am still working with the youth which is something that I love the most. Once a month I get together with the JG kids to do evangelism in different areas of Lima. Actually, this week we are having one. It makes me so happy to see those kids preaching the gospel even though we are not in the Joshua Generation Camp anymore. They have so much passion for God and the gospel...they really encourage me to keep working!

Prayer Requests:

- **For the outreach with the JG kids that is going to be this weekend.**
- **For the integration as team a for YWAM Lima and the projects we have as a team.**
- **For God's provision for my life and future projects.**

Thank so much for all your support!
