

THE DYCKS

GRADUATION: CLASS OF 2010

21 STUDENTS FINISHED THE TWO YEAR MISSIONARY TRAINING PROGRAM HERE IN DURHAM AND ARE NOW MOVING ON IN THEIR JOURNEY TO REACH TRIBAL PEOPLE WITH THE GOSPEL. WE PRAISE THE LORD FOR EACH PERSON AND EACH LIFE THAT GOD BRINGS OUR WAY.

Ministry Update:

Another year of training has quickly past and new students have already begun to arrive. The fall 2010 semester marks a very important occasion for us here in the Missionary Training

Centre. The many hours put into course development and planning are now being implemented. With a continued focus on the present realities of the mission field, we have

designed a course that will better equip and prepare the missionary candidate. Thanks so much for your prayers and support during this important endeavor.

Jungle Camp:

A good part of our summer was spent in the bush with the students who have just completed the first year of the training program. Many special memories were made but more importantly, I believe God used this time to equip the class for future ministry.

Family Update

We thank the Lord for family and for each opportunity He gives us to connect and enjoy one another's company. These past few months have had a couple of very special events that have made this year very special. After many years of dreaming and a year of planning the 5 Dyck brothers converged on Arizona, flying in from Canada, Venezuela, Mexico and Australia. We had 10 excellent days to catch up on the 9 years since we had last all been together. Another highlight was a 10 day visit from my mom and dad who came to Durham this past summer. They were able to see 8 of their grandchildren and 4 of their great grand children during this time. Of course, the summer has also meant that Zachary and Ruth have been home from

DAD & MOM VISIT

university. We have been so thankful for this time and also for the work that God has provided for them. They soon will be returning to school.

On another note, we have really appreciated your prayers for Holly's health. Although she is still on medication, we are praising the Lord that she does not need surgery on her esophagus at this time. However, Holly is having significant problems with her knee.

She has had two surgeries in the past resulting from a freak accident almost 30 years ago. It has now deteriorated to the point where it has greatly decreased her mobility. We would appreciate your prayers as she waits to see a specialist which could take a few months.

Thanks

ZACHARY & RUTH

BROTHERS REUNION

FOUR GENERATIONS

Prayer Requests

- For a strong faith & testimony for our children as they all live, work and go to school.
- For Holly's health and a short wait to see knee specialist
- For continued strength and wisdom as we invest in the lives of the students and in the training program.

Thanks so much for your prayers, your gifts of support and for the vital part you have in our lives. We love each one of you!
