

Dear Wendy City Community Church,

We would like to thank-you for the Christmas gift and letter you sent. The Christmas gift was such a blessing to us. Thanks for thinking of us.

Our college age children were able to make it home. It was good to make some great family memories together.

In a couple of days we head down to Florida for a conference. It will be a full and busy semester.

We really enjoyed the letter you sent giving an update on life over here. What an encouragement it is to hear of how God is using WCCC. Keep pressing on and teaching lives for eternity!

We thank the Lord for the blessing, help, and encouragement you are to us and our ministry of preparing missionary candidates for full time service on the mission field. Your prayers and support make such a difference! Thanks for spinning

May the Lord richly bless
you as you have blessed us.
