EQUIPPING FOR CROSS-CULTURAL
CHURCH PLANTING

Emanate Training

Vern teaching on cross culture church planting

Our fellowship groups last time together for the semester

Holly having a party with student ladies

Same Vision. Same Purpose. NEW NAME.

We have a new name! We are now Ethnos Canada and in the United States, we are Ethnos360. Ethnos is the name that anchors us

to our foundations and points us to our vision. *Ethnos* is the “nations” that Christ referred to when He commanded His followers to “make disciples of all nations” (Matthew 28:19) and “...that repentance and remission of sins should be preached in His name to all the nations...” (Luke 24:47). This continues to be our heart. Our goal is to go wherever in the world is necessary to see a thriving church for every people, not only to focus on one particular type of people group.

Please note that the contact address for our US home office has also changed. Updated address is noted at the end of this letter.

FOUNDED
IN 1942 AS
NEW TRIBES
MISSION

Although our Canadian mission name has changed, the training program for Canada where Holly and I serve is still called Emanate. Along with the classes that Holly and I teach I shoulder the responsibilities of directing and giving overall leadership to the course. Although I have a team of many capable teammates, I try to serve in whatever way possible to allow them to thrive in their ministries, and by giving direction and vision to our course. This fall brings us our biggest class in recent history. We could have as many as 28 new students which is stretching our campus housing and program to the max. Along with the training we always try to keep ourselves abreast with the current realities on our fields. This past April, Holly was able to attend 2 MK Conferences which provided much information and additional resources, which will directly impact her ministries with both the children of students here in the training and as she continues to assist families in both their transitions to, and their longevity in ministries overseas.

Family Matters

We thank God for our family and for the opportunity to continue to love on them and serve them. This began many years ago. On June 11, 1983 Holly and I were married and we just celebrated 34 years of marriage. On February 25, 1985 our first child was born and our family has continued to grow ever since. Recently we welcomed Evelyn (Evie)

Priscilla Dyck, daughter of Caleb and Kristina, into our family.

What a joy to have another grandchild to love and to hold. As I think about all of you who receive this letter, many have journeyed with us for many years and we thank you for the uncountable ways you have been an encouragement to Holly and I and our family.

We are thrilled to have Titus, our youngest home for the summer after he completed his 3rd year at Liberty University. We had been praying for a job for him this summer and the Lord led him, in a unique way to land a job with a concrete company pouring footers, floors and basements. It is a physically demanding job but he is thankful for the work and the money which will help pay for his schooling.

Another milestone we celebrated was the graduation of our son Caleb. He completed his Bachelors in Biblical Studies with highest honours. We all made the trip to Chicago to participate in the ceremony. Without hardly a moment to take a breath he continues his studies for his masters degree.

We are excited about this ministry that Holly and I have, equipping men and women for cross culture church planting. This equipping not only allows us to give them the technical tools they will need, it also provides opportunity to see them move toward becoming a more effective servant of God and the Church, more equipped spiritually and biblically. Thanks so much for your valued support and interest in our work. Please continue to pray for us that we would minister out of a fresh and growing walk with our Lord and that He would continue to give us the strength for the demands of our ministry. For those who invest in us financially, thanks so much. We continue to need this help to fund our ministry endeavours and when you give, pray, and encourage, it all helps to keeping pressing forward. Thanks again!

Living for Eternity,

Vern & Holly Dyck
