GRADUATION:

INDONESIA, PAPUA NEW GUINEA, THAILAND AND OTHER COUNTRIES ARE THE DESTINATION OF THIS YEARS GRADUATING CLASS. PRAISE THE LORD THAT THE GOSPEL CONTINUES TO GO FORTH.

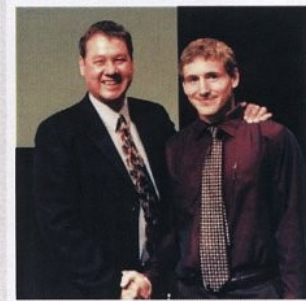

Ministry Update:

The highlight of each year is to see another class of graduates head out to reach lost tribal people with the Gospel. This has been a challenging year as I have taken on the responsibility as director of the training program. I have a wonderful leadership team to work with and this year of transition and change has gone very well. I look forward to the challenges of the future so we can more effectively equip future missionary candidates

to expand the reach of the Gospel. Please pray for needed teachers and trainers. We have recently lost some personnel to other departments which were in need of help but this does leave us with a shortage. Thanks! Holly too has taken on an additional responsibility as a coordinator/facilitator for Missionary Children Education and Care. This is a new department here in Canada which Holly is spear-heading the development of.

EQUIPPING OF THE SERVANTS CHURCH

This summer will involve a lot of planning and preparation for the upcoming semester and we look forward to the next group of students who will join us.

Cross Canada Road Trip!!

Well, it won't quite be all across Canada but from mid-western Ontario out to the West coast covers a good part of the distance. Yes, we desire to connect briefly with some of our home and supporting churches. Along the way, and while we are in B.C, we would love to drop in and see some of you. Unfortunately, we only have a small window of time before we have to be back to get ready for the new semester. I can't tell you enough how much we appreciate each one of you. Your prayers, financial support and words of encouragement are so vital to our ongoing ministry!

Family Update

The summer has quickly arrived and that means many changes both for ministry and family. We are delighted to have Ruth home who has completed her second of four years in Nursing School. We praise the Lord that she has found a good summer job working in a local nursing home. Seth too was away, continuing with his Brick and Stone Masonry apprenticeship. He is presently looking for work which is difficult to find in his line of work. Zachary also finished his second year of studies in the computer

programming/analyst dept. He lives about one and a half hours away and is working two jobs, about 70 hours/week. He comes home a couple of times per/month. We are excited about the arrival of a grandson in September. We greatly enjoy being grandparents and are looking forward to another bundle of joy entering our family. Our desire for our family is that we each be used by God for His purposes and to glorify him.

Many have been praying for Holly's health and especially for an appointment with a knee specialist. As of yet, this has not happened and so we continue to wait. We are very grateful though that the intense pain she was in has subsided. Thanks so much for your prayers, not only for our ministry but for our family as well.

It's not often that life allows five generations to come together for a reunion and a very precious photo. But during a recent trip to Chicago, we had the awesome privilege of bringing our daughter-in-law and granddaughter with us to see Holly's family and we were able to see five generations of family and followers of Christ come together for a very special time. We thank God for our family heritage and the examples of those who have gone before us.

Prayer Requests

- For continued strength and wisdom as we give leadership to the missionary training program.
- For a strong faith & testimony for our children as they all live, work and go to school.
- For safety as we travel the many miles across Canada
- Health and strength for Ruth as she finished the school year with mono.

Thanks so much for your prayers, your gifts of support and for the vital part you have in our lives. We greatly value your investment in our lives.
