

Friday Night Bible Study

On Friday nights at the Soldier's Hospitality House, we are hosting a dinner and Bible study. We are working our way through Romans and seeking to build a healthy Biblical community. Out of this group we want to invite some to be part of a core ministry team.

Here is a recent text that I received a few days ago. This 19 year old soldier was at the House shortly after arriving at FT Hood. He connected with a Cadence missionary who invited him out to the House.

"Mr. Fischer, I owe you an apology. Lately I've gone through so much stuff I've started to give up on myself. But I've realized that through the struggle that Jesus went through he never gave up and I can't either. I have a son and a good reason to keep up with the fight. I'm sorry for not going to the group meetings and for giving up. I will see you for sure at the next one on Friday. Thank you for helping me, God bless, and goodnight"

Pray for this soldier to grow strong in his new faith. Many soldiers need encouragement in their faith and many more need to know the Lord.

Pray:

- For the House group to grow in their faith and desire to advance the Gospel and God's Word at FT Hood and to every nation
- For God to build a solid core group out of a growing Friday group
- For the new full time couple that Cadence has asked to direct the House. The couple's goal is to raise the second half of their support and be here in July.
