**PRAY FOR MARRIAGES IN TENANCINGO**

**So Many Are Living In Lies**

Lorma wept as she told Kathy, recently, that she discovered her husband has an "amante" (girlfriend) where he works. He refuses to leave the other woman. He demands that she accepts that he have a girl friend, as is tradition in many Tenancingo homes.

This tradition and lie is alive. Many men in Tenancingo have a girl friend, who their wife knows about, outside of their marriage. A number of these men have a second family, with their girl friend, that their wife also knows about.

Tenancingo culture tells a man he is a "macho man" if he has more than one woman, and many children by different women.

**But, God is raising up Christian men who are loving and faithful husbands.**

*"Our marriage was heading for destruction, and is now restored. We want to help other couples avoid divorce," said Sivano.*

We can remember Rina, Sivano's wife, weeping when she discovered her husband had a secret love affair. Her husband confessed his sin and entered a process of restoration. *Now, they want to save others from destruction.*

Juan Manuel and his wife Judith exchanged wedding vows, last Sunday Morning. Twenty-two years ago, they were married in civil ceremony. Since coming to Christ, and struggling through difficult marriage problems, **Juan Manuel and Judith longed make their covenant vows before God in our church.**

In the same Sunday morning worship service in Tenancingo, Juan Manuel, along with three other men were appointed as deacons.

*Juan Manuel said in a final deacon training session, "Judith and I want to help couples restore love in their marriages."*

OUR MARRIAGE MINISTRY STARTS IT'S FALL PROGRAM, NEXT WEDNESDAY, SEPTEMBER 8TH.

*PLEASE PRAY THAT OUR MEXICAN LEADERS,  
CONTINUE TO LIVE IN HEALTHY LOVING MARRIAGES,  
AS THEY LEAD OTHERS OUT OF CULTURAL LIES AND DESTRUCTION, INTO THE TRUTH OF  
LIVING IN A LOVING COVENANT BEFORE GOD.*
