

Hey praying partners!

Today I will be leaving with 25 International students and visiting scholars on a trip I am calling "

**W**onders **o**f the **W**est" Bus tour, WOW, for short.

Would you pray with me that by the end of this 10 day trip to Mt. Rushmore, Yellowstone, Tetons, Grand Canyon, Mesa Verde, Sand Dunes and the Garden of the Gods that W.O.W will come to stand

for "Worship on Wheels"? Most of the passengers on this bus tour were brought up believing that God doesn't exist. Would you pray that God's created wonders will bring them to proclaim "WOW!" as they consider the CREATOR?

I have invited 4 Christians to join us on the tour to assist and befriend our international guests. Also I have asked each to give a talk dealing with things you can learn about what God is like from these natural wonders we'll be viewing. Each has selected one of the Wonders of the West where they will give there talks.

My talk will be given at the Grand Canyon.

Today we'll be having lunch where I will invite the scientists among them to treat this trip like a grand-sized research project. I will suggest that they test the hypothesis; If God created these wonders, we should be able to learn from them something about what He is like.

Would you also pray for safety, good weather, and that good friendships will develop as we are together 24-7 for 10 days. By the way, we will even sleep together on the bus. It is equipped with beds so that while the bus drivers get us from one destination to another, we can sleep overnight.

I look forward to letting you know what kind of wonders the Lord will produce in the next 10 days!

Blessings on your summer!

John
