

**Greetings from South Asia,**

**Thank you very much for your prayers for us these past two and a half months. I am happy to report that we are set up in our apartment and have purchased an Indian made SUV suited to handle the bad roads. The vehicle has made a huge difference for us and we have received several donations towards paying it off for which we are very thankful.**

**Don continues to teach for Angam and will be teaching two courses this next semester, Church Administration, and Pastoral Counseling. He brings a wealth of knowledge and experience in both these areas, so the students will learn a great deal from him. You can see pictures of the BTCS on the New Hope International-MPATS website. [www.mpats.org](http://www.mpats.org)**

**As a side note, Angam is now an associate with New Hope International. You can keep up with him on the website as well.**

**On top of Don's teaching he also speaks for Angam and Pastor Dayalan as needed.**

**I am now officially half way through my Masters degree in theology. On top of studying I have been able to teach an OT survey at ACPL (Association for Church Planting and Leadership) two afternoons a week. I am thrilled to have this opportunity and the students are learning a lot.**

**We were able to take a much needed break in Goa this past week, since I had a fall break. We were not able to get train tickets because this is Hindu Festival season and many were traveling. Don opted to drive to Goa and did a great job! I cannot describe driving here but let's just say you won't fall asleep at the wheel, due to the surface of the road continually changing, and everything coming at you, cars, trucks, people, water buffalo, goats, etc.**

**Update on our kids:**

**Philip will be finishing up at the Fold Family Ministries and is looking to the Lord for the next step in his future ministry.**

**Hannah is back in Oskaloosa, Iowa working full time as a nurse. Pray for her as she gets set up in an apartment and studies for her RN boards.**

**Ruthie did very well her first semester of grad school and is in Lexington, Ky.**

**A Jay is now back in the US after being in Africa for several months. He is also in Oskaloosa, Iowa and would like to work and then go to Community college.**

**Please pray for us that the Lord would give us wisdom in which avenue to take (there are several) for working among call center / college age young people.**

**Thanks again for your prayers and support to us.**

**Don and Sharon Lee**
