

### Scene and Heard...

"Don, you do SUCH a great job at taking pictures! I was able to grab a lot of them for our presentation! WHAT a HUGE ministry - because we don't even KNOW what pictures we need till we get HERE and then it's too late! Going around to classrooms and getting good pictures of each staff member is SUCH a blessing!! Thanks so much for using your camera to bless!"

"Don thank you for taking these pictures, I almost cried when I saw them... You truly are amazing with what you do BEHIND the camera, you just know what pictures to take! Thank you for what you do for this school, you provide us a record for our memories!"

"Great photos! We appreciate your effort to visually describe the essence of the country and people. Time well spent. Awesome!"

What a blessing to capture some of the life and times of our school and the city in which we minister. Thanks for supporting our family, service, and even taking pictures . . .

Blessings, *Don and Kristen MacKay*
