

One Million Pesos a Month!

I just received notification from our Threads of Hope Executive Director that we need to again increase the number of bracelets we are having made every month. The demand for the bracelets is increasing every month. We will now spend 1 Million Pesos(\$23,000+) to have 170,000 bracelets and sundries made.

These bracelets are being used around the country as fundraisers for churches and youth groups and schools and more. God is doing incredible things from simple threads. Funds raised are poured back into the ministry and community in Aninuan, Mindoro. I am serving as the Managing Director for Threads of Hope Ministry now.

Thanks again for being a part of the team that allows the Gospel to go forth in South East Asia through the Aninuan Christian Church and Threads of Hope. Let His Glory be over ALL the Earth!

Blessings, *Don and Kristen MacKay*
